1. January Minutes approved; No Additions or corrections to said Minutes
2. Discussed Liturgical Ministry Recruitment. Need Cross bearers, Eucharist ministers, etc... Please continue to ask all we know for assistance in liturgical assignments.
3. Ministry Fair discussion: The Community Council is making a recommendation that the Ministry Fair format be changed to provide more space to move around. The suggestion is to have information on boards hanging on the wall and eliminate the tables. A possible name change was also discussed. The Stewardship Council will continue to work on this event for next year.
4. Shari Steffen discussed proposed small amendment to constitution.

Article VI: Membership Paragraph C (page 15 in the guidebook):

Currently it reads: "The three at-large discerned members shall serve a three-year term. The Chairs of the Ministry Councils shall serve . . ."

Proposed change: "The three at-large discerned members shall each serve three-year terms staggered to expire in successive years. The Chairs of the Ministry Councils shall serve. . ."

The Council reached a consensus and the change has been made to the constitution.

The following was also discussed: In making the above change, we would suggest that at this spring's discernment process we seek a candidate to serve a one-year at-large term and one to serve a three-year term.

5. Vicki Klima passed out ME-25 action plans to council so that councils can review what they have handed in and can see what other councils are doing. If you see any discrepancies, please let Vicki know about them.

6. We continued our discussion about Pax Christi outreach in the larger Community. Vicki handed out a list of what we currently do. How do we let parishioners know about what we are already doing? Are there other needs in the larger community that Pax Christi could meet? What are those needs and how to meet them: Continue this conversation next month
